This week, idiots aplenty are outdoing themselves over seriously big issues — things like vaccines, tourism, ironing and ... ahem, big swinging dicks.

And it was a close race between Deputy PM Michael McCordlessdrill, the aptly named Senator Ben Small, the PM himself, Scott "Big Dick-Swinging" Morrison and, proving there is always equality in idiocy, the good little woman and Minister for Women, Marise Payne.

Another star-studded idiot episode!
