Dear Mr Corfe

Thank you for your letters regarding the clearing of dead and flammable vegetation on both sides of the South Eastern Freeway between Stirling and Crafers.

I am advised the Department of Planning, Transport and Infrastructure (the department) responded to you on 10 March 2020, regarding this matter and I have attached a copy of the response for reference.

While I appreciate your concerns, I am advised by the department that vegetation maintenance along the South Eastern Freeway between Stirling and Crafers will be undertaken prior to the next fire season.

The department will also continue to undertake work to control regular seasonal growth such as weeds and grasses along the freeway.

I appreciate the time taken to bring your concerns to my attention.

Yours sincerely
