Just thought I'd send this around to avoid any further confusion.

To clarify – Gillard was **NOT** called white trash last night in Ipswich. From the video we've seen, Sunrise has it wrong.

Updated take will be ready shortly.

Hey Chris,

we were just about to publish a story on that, before Scott confirmed via the video that the woman was yelling '**we are not white trash**'.

We are in the process of amending, but will have one about general hostilities soon.

cheers

Hi guys,

There have been some questions from the news director's chair this morning about level of hostility directed at the PM in Ipswich last night, with Seven apparently showing grabs of her being called 'white trash' and general yelling, etc. Are they beating it up or was it that bad? If so, could it be worth beefing up in Bridie's story or an angle in itself??

Cheers

Chris
